LIB. M.V	F/L Taylor FR RCAF	727799	220417	MISSING	The vessel's steering gear was put out of action and the crew jumped overboard. Aircraft "J" (F/Lt Taylor & crew) failed to return to Base. A faint S.O.S. was heard by a Station in the South of India, and a search was laid on in position 2010N 8715E. Liberators from Calcutta and 231 Group and Catalinas from Redhills and Calcutta together with surface craft searched the area for two days without result but happily, a Catalina of No. 191 Squadron, returning to Coconada, after carrying out a search, sighted a dinghy with five survivors on board, 80 miles S.W. of the search position. The Catalina landed and picked up the survivors who were suffering from exposure and injuries. It is understood that all four engines of J/354 cut and the aircraft ditched immediately. The Captain, Navigator and three gunners perished.	Overleaf
